RE: Recent work at Fairmont Court

Dear Graham

I am writing on behalf of the Fairmont Court Body Corporate to inform you and anyone considering using your company's services of the outstanding job your staff did at our complex.

The weather conditions that your staff worked in were really horrid - heavy rain, freezing cold and windy. Your team were not only really accommodating to the residents; they were friendly and seemed happy in their work.

The team worked around vehicles, waited patiently for vehicles to be moved, set up around carport access where they could, worked well with the other contractors and worked very quickly and efficiently as a team.

In some of my businesses I work with numerous contractors and I would have to say that your team would have to be the best team of contractors that I have come across in 20+ years of business.

You should be very proud of them.

Please extend our thanks to your team.

Kind regards

Steph Smith
Property Manager
Fairmont Court Body Corporate
